**AUTO REPAIR SHOP URGES ‘GIVE THE GIFT OF SAFETY’:
Gift Cards for Auto Service and Repair Address a Real Need**

PHOENIX, ARIZ. -- (December 18, 2009) – Randy McLaughlin, owner of National Automotive Repair Center, spends a lot of time extending the lives of other people’s vehicles. He says, “My customers tell me that they need to get more years out of their cars and trucks. I tell them that with basic service and maintenance, most vehicles can operate in a safe and dependable manner for a very long time.”

Although he gladly services new makes and models, Randy is especially proud of his reputation for keeping well-seasoned (and often well-loved) rides on the road. He remarks, “With this economy, most of us are trying to do more with less. I believe that we provide a real service to customers who depend on their automobiles to let them live their busy lives. They depend on me to make sure they are able to get to their jobs, and to sustain their schedules in general.

“It is difficult to exist without a car anywhere in the Valley. Therefore, having a reliable vehicle is not just a convenience – it is literally a survival necessity. We take great care to make sure that our customers travel as safely, and economically, as possible.

“We are offering gift cards that can be purchased in any amount, and used whenever needed. They can be bought for family members or friends, who can redeem them at my shop at any time. And unlike other gift cards that expire or reduce in value as time passes – these do not. So if you want to give somebody something that you can be assured is something that will be used, a gift card from National Automotive is a great stocking stuffer.”

National Automotive is located at 2723 West Sweetwater in Phoenix. For additional information, call 602-978-3278, or visit National Automotive Repair on Facebook.com.
